

# DAILY RECORD

SATURDAY, SEPTEMBER 6, 1873.

The Business Office of the PIONEER DAILY RECORD will be hereafter in the office of H. R. Breakey, at Michael's cigar store, Main street, opposite Meadow Valley.

## ST. GEORGE.

As all matters relating to the material prosperity of St. George, in Southwestern Utah, are of interest to our readers on account of its close proximity to us, and the fact that our fruit, of almost all kinds, is supplied from that place, we produce the following statistical items, taken from the Utah Pomologist of recent date.

St. George is located near the junction of the Rio Virgin and Santa Clara rivers, about 120 miles north of where the waters empty into the Colorado, 350 miles south of Salt Lake City, and on a line nearly directly west from Cairo, at the junction of the Ohio and Mississippi rivers, just south of the rim of the great Salt Lake Basin, and at an altitude some thousands of feet less than Salt Lake City.

It was founded twelve years ago, by a colony from the north part of Utah, and is near the southern line of Utah Territory, and has a population of about 3,000. The climate is hot and dry, little snow or rain falling, and all crops have to be raised by irrigation.

The formation is volcanic, red sand stone, and granite with some lime and gypsum. The face of the country rough, barren, almost treeless and forbidding.

Our summers give a range of thermometer from 85 to 110 deg. In winter seldom any snow, or ground frozen more than an inch or two. Most kinds of grain, vegetables and fruit produce abundantly when ground is fertilized and well watered.

Exotic grapes, figs, pomegranates, almonds, rice, cotton, sweet potatoes, mature finely in the open air.

Our wood is hauled ten to fifteen miles, and our lumber thirty to forty miles, for stock is poor near by, but short distances away in any direction, give good range that will produce good beef all winter.

Of minerals we have iron, copper, lead, silver, plumbago, asphalt, salt and coal in this region.

St. George is the capital, or principal city of Southern Utah, with twenty or thirty settlements and towns around it. It is noted for its extensive and commodious public buildings, fine dwellings, beautiful and fruitful gardens, its great abundance and excellence of fruit, and its pure and wholesome wines. Our sky is nearly cloudless, our winters warm and delightful, and our summers a festival of richest fruits.

When the Utah Central Railroad shall have been completed to St. George, on account of its fine winter climate it will undoubtedly become a place of extensive winter resort for pleasure seekers in less favored parts of the country. The climate of the southern part of this country is similar in all respects to St. George, but so far little has been done to reclaim it from its waste and wilderness condition. Cotton is now being successfully cultivated in the southern part of this country, and will some day form a staple business of the country.

GOODS BACK ON HIS FRIENDS.—Colonel Mosley, of Confederate fame, it will be remembered, took an active part in the late Presidential campaign in favor of the election of Grant. It was then changed by his old companions in arms, most of whom were supporting Greeley, that he sold himself to the Administration party for a price to be paid in official patronage for himself and friends. It now turns out that he did not succeed as well as he expected in procuring appointments, and has gone back on his late associates. An Eastern dispatch of late date says:

There is no doubt that Colonel Mosley has come out in favor of the Grant ticket in Virginia. The Administration organ announces the fact that if this statement of Colonel Mosley's position is true, he has gone back, horse, foot and dragoon, to the ranks of the Democracy. "We make this statement because we know whereof we speak, and add to it that Mosley stands today in default regarding certain promises made by him when he was seeking appointments for his personal friends, on the ground, as he himself stated, that he wished to prepare the State for a successful campaign by the Republican party."

The Indian Territory, through which the Atlantic & Pacific Railroad will pass, is said to be one of the best and most productive sections of our country. It has an area of 70,000 square miles, a population of 90,000, abundance of timber, water, grass and a climate that is neither too warm nor too cold for the comfort and purposes of man. Arizonians long for the day that will see the two Territories brought nearer to each other by a railroad.

RICH STRIKE.—The Salt Lake Herald, bearing date August 25th, says a big strike is reported in the McKay lake, Little Cottonwood. The ledge is said to be three feet in width. Three assays were made with the following results: No. 1, \$2,865, in silver; No. 2, \$2,104, in silver; and No. 3, \$1,367, in silver, to the ton. This is the highest grade ever yet struck on the upper mineral belt of Emma hill.

A CORRESPONDENT of the Bee, writing from Knight's Landing, Yolo county, Cal., says: "Our little town is one of the liveliest places on the coast. From fifty to seventy car loads of grain are daily leaving here. The main street of the town is crowded from seven in the morning until sun-down. The prospects of future greatness of our town are very bright."

At a recent meeting of the Farmers' club, at Winchester, Ill., M. Smith, the Secretary of the State Farmers' Association, delivered a speech in favor of forming a new party in the interest of labor. He said, among other radical things, that politics must be reformed or corrupt politicians will be found dangling from the trees around the country.

At Reno the Central Pacific Railroad Company are taking measures for the better protection of property in case of fire, that of placing a fire steamer on their switch engine, with power to force a large stream of water through a thousand feet of hose. The engine for this purpose has been ordered.

The Democratic and Liberal State Committee of Wisconsin have called a State Convention, to meet at Milwaukee September 24th, to nominate a ticket for Governor and other State officers.

The French newspapers announce that the United States Government have granted to the "Nebraska Indians" the right to travel gratuitously in every railway train on which they are able to jump while it is moving at full speed. "The United States Government is sure the whole tribe will be extinct in six months."

SWINE.—Four car loads of Eastern hogs have arrived here, says the Reno Journal of Saturday, within a day or two. They are the importation of the Newton Brothers, who make regular monthly shipments from Omaha to this coast. One car load has been sent to Virginia City.

COL. THOS. A. SCOTT, now in London, will return home by the 1st of October. He writes that the main object of his trip abroad, a negotiation for the Texas Pacific Railroad, has been so far arranged as to make his early return practicable.

HAVING A GROWL.—Our neighbors over at Beaver are getting themselves into a furious passion over the uncertainty of mail arrivals at that place. The Enterprise advises the Stage Company to turn out their plumes on grass and employ oxen to haul their coaches.

DISCOVERY.—It is reported that extraordinarily rich deposits of silver were discovered last week, 20 miles south of the Union Pacific Railroad, at Green river. There is no regular defined vein, but thus far only pockets in limestone and granite.

SOLD OUT.—H. C. Street has sold his interest in the Virginia Chronicle. It is now being conducted in the firm name of Stevenson & Pratt. Mr. Street has gone back to Elko, his former home.

MCGARRAHAN has brought suit for the recovery of \$5,000,000, as the value of the proceeds of the New Idria quicksilver mine, of which he claims to be the lawful owner.

The gentle Laura Fair has rented a house in Sandiloto, and is now entitled to vote in Martin county.

JOHN BOON is reported to be at Eureka, prospecting for a newspaper field.

EVADA STATE ITEMS.  
(From the Gold Hill News, Sept. 3.)

THUNDER HAIL AND THUNDER STORM.—Yesterday afternoon and during the evening, Gold Hill was visited by several nice little showers of rain, with lowering distant murrings and threatenings that finally culminated in a most fearful hail and rain-storm between 2 and 3 o'clock this morning. The storm opened with a most fearful shower of hail-stones, many of them being as large as a hen's egg. Then the very heavens seemed to open, and the rain poured down in torrents, while the whole face of the earth was lighted up with the lurid glare of the lightning's continuous flash, and the mountains reverberated back and seemed fairly to shake with the steady roll of the thunder's terrific crashing. The waters rushing down Main street formed a young river, and for a short time threatened much damage. Fortunately for the quartz mills down Gold Canyon, the terrible pour of water was of short duration, lasting only about half an hour. At Yuma, where the hail fell even worse than in Gold Hill, heaping up on some of the roofs of the houses two feet thick. With the rising of this morning's sun all traces of the storm had disappeared and the fresh morning breeze was again wafted over the hills fresh and sweet as the breath of a sixteen-year-old maiden.

RICH ROCK.—We were shown several samples of rock to-day from Cornucopia District, which assayed as follows: Chloride Rock, horn silver, \$1,570.85. Another sample, containing rich and richly colored silver, \$894.36, and another showing green and blue chloride \$1,246.83. Mr. J. R. Tule, the gentleman who showed us specimens of the above, is enthusiastic over the richness of the new district and contemplates a speedy return.

FROM THE EVADA SENTINEL, Aug. 31.

FOR BELMONT.—District Attorney John R. Kittrell, of White Pine, under Sheriff Jake Beltrude, P. A. Wagner and Sam. Magnire arrived from Hamilton by private conveyance last night. They are en route for Belmont to attend the District Court now in session there. Kittrell goes over to prosecute Sampson, the Duckwater murderer, and the others are witnesses in the case of the State vs. Geo. Smith, who participated in the White River stage robbery at the time Billie Mann, the driver, was killed. They will resume their journey early this morning.

STRANGLERS.—An unusually large number of strange faces have appeared on our streets within the last few days. Eureka is pining for favor abroad and we may expect our population to materially increase this Fall.

ON A HUNT.—Charles Cobb, of the Eureka Restaurant, departed yesterday for a hunt to Fish Creek. The six and grizzly bear of that section would do well to make themselves scarce, as Charles will not permit anything to escape him. He is going to spend several days in the country.

FROM THE REESE RIVER BOVILDE, Sept. 31.

FISK SHEEP.—During the present month there will arrive at Battle Mountain two lots of Merino and Cotswold bucks and ewes. One lot of 700 is from Vermont and is being brought out by Messrs. Hammond & Severance, of Middlebury, in that State. The other lot is from Ohio. Messrs. Rooker, Watt and others of our sheepraisers, with an eye to the improvement of their stock, will be on hand on the arrival of animals from one or both lots. Sheep raising is gaining more importance and enlarging its dimensions year by year in this country, but we believe that hitherto but little effort has been put forth in the improvement of breeds. Sam. Clifford has a specimen of the fleece from the Vermont lot which is almost as fine as silk.

FEARS OF THE LIGHTNING.—The atmospheric electricity last evening belted the adage that "lightning never strikes twice in the same place." It made two visits to Mr. Wright's jewelry store, in which is situated the telegraph office, and set fire to the ceiling, threatening, for the moment, a conflagration. Lightning seems to have an unnatural predilection for our telegraph office, for it rarely misses making an invasion on occasions of electrical disturbance, though hitherto its visitations have been unattended by any damage.

BULLION FOR ARREST.—Wells, Fargo & Co. shipped, for the month ending August 31st, 86 bars, weighing 849 pounds, and valued at \$127,565 50—product of the Manhattan Mill of this city.

## Telegraphic Dispatches

SPECIAL TO THE PIONEER DAILY RECORD.

**Eastern Dispatches.**  
The Forged Bonds.—The Nominations in Massachusetts—\$50,000 for a Horse—Killed by Lightning—The Debt of New York City—General Items.

NEW YORK, Sept. 4.  
The President of the Buffalo and Erie railroad says that the full amount of forged bonds on that company, which have been issued, will not probably be known, as many sample bonds are sent to him for verification without owners saying how many they own. The amount is probably between two and three hundred thousand dollars. A large number of forged bonds are held by the Trust Companies, who have loaned money on them at the rate of 75 cents on the dollar. The Stock Exchange has suffered to the amount of \$150,000 by forgeries.

BOSTON, Sept. 4.  
The postscript edition of the Journal to-day claims Washburne to be already six delegates ahead, as follows: Washburne, 192; Butler, 186; doubtful, 14. Governor Washburne has issued a precept ordering an election for Member of Congress on the 4th of November next, to fill the vacancy caused by the death of Wm. Whiting.

Col. H. Russell, of Milton, has purchased the celebrated Kansas stallion Sunagle. Price, about \$50,000.

RICHMOND, Va., Sept. 5.  
During a storm in Nausemond county, the house of Chas. E. Sumner was struck by lightning. Two of his children were killed, and his wife and another child were, probably, fatally injured.

Page McCarthy, who killed one Mordecai in a duel, cannot be tried at present, owing to the severity of his wounds. He will give bail in the sum of ten thousand dollars.

NEW YORK, Sept. 5.  
An analysis of the municipal finances, presented by Comptroller Green, in his annual report, shows that the permanent debt of the city is increasing with frightful rapidity, and that the taxes and assessments are enormous, and they are totally inadequate to meet the charges against them. Receipts from taxes and income for the past year were thirty-two million, two hundred and fifty thousand dollars, and the amount expended was fifty-two million, three hundred and ninety thousand dollars. It is said that the system of book-keeping in the Comptroller's department is designed to conceal the actual financial condition of the city; that the report just made shows how necessary it is that the new Commission of Accounts should have clerks to help them comprehend the chaos of city and county accounts.

John Broderick, wounded in a quarrel in which his father killed James, another son, has escaped from Bellevue hospital and fled from the city, in order to avoid testifying against his father, who has been indicted for murder in the first degree.

The police have confined at headquarters for some days past an unknown man, accused of being concerned in counterfeiting bonds of the Buffalo and New York and Erie railroads. The police refuse to give his name or proofs of his alleged crime.

A slight fire occurred last night at 129 Ninth street, Williamsburg, and when the flames were extinguished the body of Margaret Hammet was found burned and a piece of bed cord tied around her neck. The occupants of the apartment have been arrested.

**Foreign News.**  
Thiers Addresses the French Residents of Lunenburg.—Rotators at Lunenburg.—The Gibraltar and Spanish Ironclads.—The American Flag in Paris.—Publication of a Republican Journal Prohibited.

LUCKEN, Sept. 4.  
Thiers, who is here, was called upon yesterday by the French residents of Lunenburg, and, in response to their greeting, addressed them at some length. He said he had destined his life to establish liberty in France. He had endeavored to establish it under a monarchy, but had not succeeded; and that he had come to the conclusion that the one excludes the other. He had, therefore, become a Republican and was resolved to devote the remainder of his life to the furthering of the permanent establishment of a republican form of government in France.

VALENCIA, Sept. 4.  
Three Socialists have been sentenced to death by the Tribunal of Justice in this city.

MADRID, Sept. 4.  
Cortes is engaged in considering the motion authorizing military executions without the approval of sentences by the Cortes. An amendment, providing that all cases in which the penalty is death shall be referred to the Cortes, was rejected; 82 yeas, 88 nays. The matter has been made a Cabinet question, and if the original motion is adopted the President and his Cabinet will resign, and Senor Castellar be called upon to form a new Ministry.

PARIS, Sept. 4.  
There were no demonstrations to-day, the anniversary of the proclamation of the Republic. Up to this time the lower city has remained perfectly quiet. Every precaution has been taken to prevent disturbances during the evening.

A party of Germans from Strasbourg were attacked yesterday by an infuriated mob at Lunenburg. They took to flight, were pursued, and several were injured by the rioters.

GERBALTER, Sept. 4.  
The Spanish ironclads Vittoria and Almazan have arrived here.

LIVERPOOL, Sept. 4.  
The steamship City of Montreal, from New York, and Cressian, from Quebec, have arrived out.

PARIS, Sept. 5.  
American citizens in Paris yesterday proceeded to display the United States flag in honor of the proclamation of the Republic in France, but the Prefect objected to the idea and it was abandoned. The Minister of the Interior has issued

## an order prohibiting the publication of the radical republican journal Lepeuple

Proven, because of the appearance in its columns of articles inciting to disturbance or contempt for the Government.

**Pacific Coast.**  
The Election in the City—Election Returns—Coroner's Inquest—Miners Suffocated—Heavy Shipment of Bullion—News of Sheriff Adams and Party—The Pursuit of the Brigands—Disastrous Conflagration at Chico, Cal.—Suicide—Crowley Defeated—Otis ahead—Results in the Southern Counties.

SAN FRANCISCO, Sept. 5.  
Crowley, candidate for Chief of Police, admits his defeat to-day by an estimated majority of 2,500. Possibly Bartlett, Taxpayer, has defeated Wilder for School Superintendent. Bauer, candidate for Treasurer, is probably beaten. No complete returns yet. It is believed Otis is elected Mayor.

Owing to slowness in the count and reticence of many officers of the election, grave fears are entertained in some quarters that an effort is being made to sell out the city by false returns. The Bulletin claims that the election of a full anti-monopoly ticket can only be prevented by fraud. Large rewards are offered for the detection of any person guilty of attempted fraud. Several wards will not complete returns before to-morrow, possibly later.

The Coroner's jury in the case of John F. James, who shot John Gallagher on election day, found a verdict of justifiable homicide. It comes before the Police Court Tuesday next. He will probably be discharged.

The Western Union Telegraph Company has extended a line to Hollister, Monterey county, and opened its office at that place to-day.

SCOTTER CREEK, Cal., Sept. 5.  
Twelve men suffocated by foul air. The workmen in the 300-foot level of the Lincoln gold mine tapped the old mine this morning. The gas immediately filled the mine. Only five out of seventeen escaped. The bodies have not yet been recovered. Most of the victims are men of families.

WISSEMECCA, Nev., Sept. 5.  
The reduction works of Gineas & Gint have been undergoing repairs for the last week.

Work has been commenced on the new Court-house, which promises to be one of the finest buildings in the State when completed.

Wells, Fargo & Co. shipped to New York yesterday and to-day six hundred and ninety pounds of Golden Chariot bullion, valued at \$15,198.

Parties arriving from Silver City, Idaho, report the mines looking exceedingly well in that section.

BAKERFIELD, Cal., September 5.  
James McCumber, special messenger from Sheriff Adams and party, arrived here at 12:45 p. m. to-day, bringing reliable news from Sheriff Adams, who is now six miles south of Elizabeth Lake, at a place called Dalano Station, where he expects to meet Sheriff Rowland and party from Los Angeles. From the description given by Sheriff Adams, he has learned that Vasquez and party were seen yesterday in the vicinity of Elizabeth Lake.

CHICO, Cal., September 5.  
This morning, at 3 o'clock, a fire broke out in New Chinatown, near the railroad depot. Twenty-five buildings were burned, and one brick building, supposed to be fire-proof, occupied by Bow Tong, who loses \$5,000. The property belonged to C. M. White, whose loss is estimated at about \$7,000. No insurance.

SALT LAKE, September 5.  
F. Moran and J. E. Colburn, artists of Powell's exploring expedition, arrived from the Colorado river this morning. Major Powell is now devoting himself to the affairs of the Indian Bureau, and has just gone to Muddy Valley with Ingalls, the Indian Agent, to arrange for the reception of the Pintos on that reservation.

J. W. Wetzel, a former resident of St. Louis, committed suicide by taking poison last night. Financial trouble is said to be the cause.

SAN FRANCISCO, September 5.  
At 8 p. m. about 4,749 votes remained to be counted in the different wards. Crowley at that time was 2,100 behind Crockett.

Otis' majority is about 400, with several strong Democratic precincts to hear from, which may reduce his majority.

D. J. Murphy is still confident of election by a small majority.

In Tulare county, Fowler, for Senator, carried the county. Lindsey, Ind., carried Kern and Fresno counties. He is undoubtedly elected.

The "Grangers" number 2,000,000 in the West. The derangers (old politicians) are at work among them, and the bursting of the institution may soon be looked for.

It is reported in Paris that the French Government will pay to Germany the last installment of its war indemnity on October 14th.

Six millions of gold are to be sold by the United States Treasury during the present month of September, and \$500,000 of bonds to be bought in.

The ubiquitous Mike Brannigan, who was once convicted of rape in Sacramento, has turned up in Galveston, Texas, as a lively stable keeper.

## New To-Day.

EL DORADO SALOON.

THIS SALOON, FORMERLY KNOWN AS "CONQUEST HALL," having been thoroughly refitted throughout, is now OPENED TO THE PUBLIC. On Wednesday Evg, 3d inst. —50 BETTER— Wines, Liquors or Cigars Can be found in Piche. Club Room in the rear. Call once, and you will be sure to call again.

## Hotels, Restaurants Etc.

**PURCHASE**

**Walker House.**

HAVING THIS DAY PURCHASED THE Walker House, we are now in possession of the two best hotels in Salt Lake City. Of the Walker House we deem it unnecessary to say anything on its behalf, its splendid design and elegant equipment being so well known to the public.

The CLIFT HOUSE, though not so well known as the Walker House—having been open but a few weeks—in first-class in all its appointments, the building being new and the furniture of the most fashionable and elegant style. The location of this house is central and commands a splendid view of the lake and ever snow-capped mountains and surrounding scenery. Its local reputation is superior to that of any other house in the city.

With the above facilities at our command we feel assured in guaranteeing satisfaction to all. Respectfully, etc. KITCHEN BROS. 34-1f

August 1, 1873.

**MEADOW VALLEY HOTEL.**

THE UNDERSIGNED HAVING BECOME the proprietor of the above Hotel, (Formerly known as Rich's Hotel,) Will continue the same in his own name. The patronage of the public is respectfully solicited. P. HEITZELMAN. 34-1f

**GROVE HOUSE.**  
Lower Main Street, opposite Boone & Dolman's Hay Yard.

**JUDSON & CO., PROPRIETORS.**  
THE GROVE HOUSE HAS BEEN FITTED UP at great expense, and will be found a desirable summer resort, native trees being planted around the house and forming a grove.

Best brands of LIQUORS and CIGARS at the Bar.

**IDAHO RESTAURANT.**  
LACOUR STREET.  
(Late Capitol Restaurant.)

REFITTED AND THOROUGHLY RENOVATED. Meals served in the best style, and at all hours.  
Board, per week ..... Ten Dollars  
Single Meals ..... 75 Cents  
34-2-1f Mrs. H. E. BAIL.

**AH KEE'S RESTAURANT.**  
SITUATED ON MCCANNON ST., to the rear of the Postoffice.

HAVING THOROUGHLY RENOVATED MY establishment, I will re-open

On Monday, June 3.

Dishes prepared to order in all styles. Private rooms. Meals at all hours.

If you want a Meal in a quiet, retired place, come here.

**Athenaeum Saloon.**

THIS SALOON, HAVING BEEN FITTED UP in the most tasteful manner, and stocked with the
